The authors of *It's Just a F***ing Date*, Greg Behrendt and Amiira Ruotola, help you navigate a potential reunion. BY CANDICE JALILI

HIGH SCHOOL SWEETHEART

He was your first everything, and you truly believed he'd be your last.

THE ONCE UNATTAINABLE

You spent fourth period making eyes at him. He never knew your name.

THE "FRIEND" YOU WANT MORE FROM

You try to pretend your heart isn't shattering as he dates girl after girl who isn't you.

THE BEST FRIEND IN LOVE WITH YOU

He's the sweetest guy you know, yet kissing him would be like kissing your brother.

THE JERK

He loved you to your face, then he bragged to his boys about how he took your virginity.

yes!

If he's down, then go for it. Have fun, manage your expectations, and understand the risks of hitting up a guy from the past. And if you do one thing, put on your good underwear.

proceed with caution!

If this is still your current best friend who you'd like to keep, take a pass on the action. But if not, bring out your inner philanthropist and throw him a bone.

hell, no!

If a restaurant gave you food poisoning every time you ate there, you'd stop eating there, right? Spare yourself the morning-after regret. You know better.
